DISTRICT PURCHASING STUDENT NEEDED SCHOOL SUPPLIES

June 2018

Dear Parents/Guardians:

In an effort to help minimize and reduce the out-of-pocket expense for parents/guardians, the South Lewis Central School District will once again purchase many of the needed school supplies typically requested for parents/guardians to provide for their child. While the school district will not be able to purchase all of the needed supplies, it is our goal to provide as many of them as possible.

If your child is required to bring in any outside supplies you will be provided with a list by the classroom teacher. Additionally, it is possible that during the course of the school year a classroom teacher may periodically request students to provide select school supplies. Lastly, we ask that your child make sure he/she always has a steady supply of grade-appropriate writing utensils (pencils and pens).

Again, our overall goal is to reduce the out-of-pocket cost for parents/guardians for school supplies. While we are hopeful that we will be able to continue this practice for future years, we evaluate the program each year.

If you have any questions regarding student needed school supplies, you can contact your child's school. May you all have a wonderful summer!

Sincerely,
